Subject: Red and Bonita Mine access
[Todd Hennis agreement.doc](#)

I have spoken to Mr. Hennis and he has agreed to all the items listed in the document below and will forward written documentation of each item as well as separate waivers for he and his geologist.

He said he had the agreement ready to go for what the EPA is asking of him.

let me know if I have missed anything regarding covering the basis in this access agreement.

sincerely

David Hendrick
